

MARKHAM COVID-19 SITE WORK POLICY

As at 23rd March 2020

Markham is monitoring the rapidly-evolving COVID-19 crisis. Government requirements are subject to change and we will be updating as required, as a priority, at all times. The following is our policy for site attendance.

- The expression 'Markham personnel' includes Markham employees and our application sub-contractors.
- Markham personnel will follow all current government social distancing and travel restriction requirements.
- Face-to-face meetings are discouraged even in situations where they comply with government requirements, and are to be held only if essential.
- The area where Markham personnel are applying product will be isolated if relevant to government requirements.
- No Markham personnel exhibiting COVID-19 or flu-like symptoms will be permitted to attend a worksite.
- If any Markham personnel have visited a worksite and had in-person contact with a person who is later diagnosed with COVID-19, the Markham personnel will be required to self-isolate for 14 days.
- No Markham personnel will take food to share, to a worksite.
- Markham personnel will comply with any requirements which are specific to a site or to the Principal Contractor of that site.

If you have any other questions, please contact Markham 1800 693 694.

Regards
The Markham team
